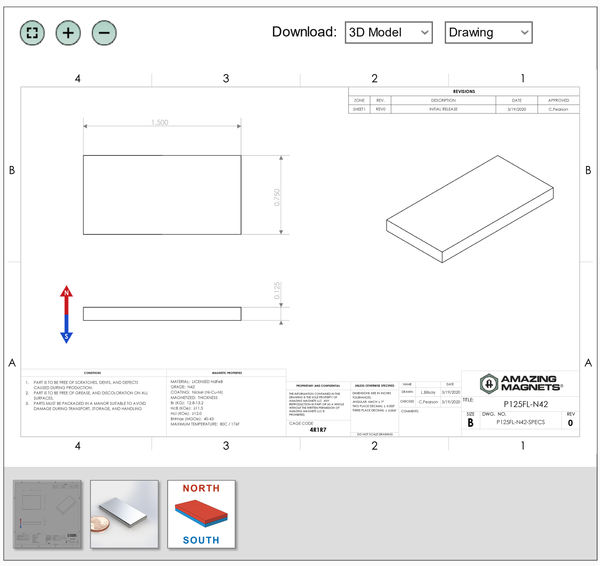
Item Code: P125FL-N42



Dimensions & Specs

Metric | English

Length:	1.5"(1-1/2")
Width:	0.75"(3/4")
Thickness:	0.125"(1/8")
Power:	76.4 lbs
Surface Gauss:	1509
Polarity:	Thickness
Material:	Licensed NdFeB
Grade:	N42
Plating:	Ni-Cu-Ni
Magnet Weight:	17.52 g

Price & Qty Discounts

$4.55 per pcs

Amazing Magnets

Helping You Design, Develop, And Produce Innovative Magnetic Products

• **Application Assistance.** Get insights that give you confidence in selecting the right magnets. At Amazing Magnets our goal is to understand your project and help you develop custom tailored solutions. Call for a free estimate: **512-678-2940**.

• **Just-In-Time Delivery.** Same-Day shipping on all orders placed before 1 pm Pacific (3 pm Central / 4 pm Eastern) through FedEx or UPS, Mon-Thur.

• **Custom Magnets.** We produce custom magnets with quick and accurate lead time. Custom sizes and grades are available in Bonded or Sintered Neodymium, AlNiCo, Ferrite (Ceramic), Rubberized, and many more materials. We provide design & engineering assistance, and rapid plastic prototypes. If your application consists of a magnet embedded into a plastic or metal part, we can usually produce the entire assembly. If you need large production runs of magnets or assemblies, we can help.

• **Licensed Magnets.** All magnets bought through Amazing Magnets are guaranteed to be legal. Many neodymium magnet production processes are patented, and neodymium manufacturers are required to pay a license fee in order to legally sell NdFeB magnets (covered by patent protection) in the US.
